The Book: *Escape: The Heyday of Caribbean Glamour* (Rizzoli) – out today, October 14**By:** Architect **Hermes Mallea****Southern Roots:** Miami claims the first chapter.**Why We Love It:** New Orleans is unofficially "The Northernmost Caribbean City," and we can't help but tie New Orleans' Caribbean flair to this gorgeous documentation of the Jet Set era. This 256-page read is chock-full of historic vacation homes from the '20s to the '80s, and we're busy planning our next getaway while flipping through *Escape's* dreamy features.
